NOTE FOR:

SUBJECT : Delegations of Authority

1. This confirms that I would like to have a review conducted of all DD/M&S regulations which require matters to be referred to the DCI, DDCI or the "Executive Director-Comptroller." I am interested in the specific reg citation, the subject covered, the exact language, and the Office involved. It might prove to be most convenient to merely xerox the pertinent regulations and list them by Office.

2. We may possibly go to the Offices later for more indepth comments, based upon their experience through the years, but at this point I just want the initial review by about 16 August.

NOTE FOR: Mr. McMahon

SUBJECT : Delegations of Authority

In early August I asked [] STAT
to review our regulations on the "Delegations
of Authority" issue, with the thought being
that it might be an item for discussion at the
[] conference. You more recently asked
that I set up a file on DCI delegations to the DD/A.
STAT

I feel that it might be worthwhile to go out
to all the Office Directors, and ask them to submit
a report on all matters that are sent to the DCI,
the DDCI, or the "Executive Director-Comptroller"
whether it be because of regulation, previous written
instructions, or general practice. Some items do not
merit the time and attention of the DCI, and we
might attack the overall problem in an orderly way--
in order of priority. At the present time we are doing
it on an ad hoc basis.
